A Letter from Foundation President

Let me begin simply: Thank you.

As the President of your Hospital Foundation, I had a front-row seat to see and experience all of the great things being accomplished by this organization. What made the year a success simply could not have happened without you and your overwhelming support.

Through your support, staff and providers of Decatur County Memorial Hospital were able to pursue funding for vital equipment, supplies, and education that will allow them to continue to make an impact on the lives of all patients and families touched by the services provided at DCMH. It is through this support that Decatur County Memorial Hospital is able to fulfill its mission to be the gateway to health and wellness in our communities by delivering quality healthcare and wellness leadership through best practices and innovative partnerships.

As we turn our attention to 2024, I am excited and encouraged by all of the great accomplishments of past years and for the potential that this year holds. No matter your role in the on-going success of the Hospital Foundation of Decatur County, I thank you and look forward to your continued partnership throughout 2024.

Jacob Evans, Board President
Hospital Foundation of Decatur County

A Letter from
Rex McKinney, CEO/ President

Friends of the Hospital Foundation of Decatur County,

As we reflect on the successes Decatur County Memorial Hospital's team achieved in 2023, I can't help but feel grateful for your ongoing support. Through your generous gift of time and donations, we have been able to grow and meet the needs of our community through various initiatives. There was tremendous support for the Rehabilitation & Medical Offices Building Capital Campaign from our community. The new building will house a state-of-the-art rehabilitation facility and it will also include an orthopedic clinic with onsite x-ray, a foot and ankle clinic, and additional medical office space. This new facility will continue allowing DCMH to expand the already growing therapeutic service offerings and increase access to additional services, close by.

Your appreciation for our hospital extended beyond the Foundation's Capital Campaign, by also creating and uplifting two new funds founded in 2023, the Remembrance Garden Fund and Marj & Robert Willer Fund. Each of the Foundation's events, including the Annual Gala, Event 'FORE' Caring, and Tee Off 'FORE' Ta-Tas were well attended and raised record breaking amounts.

Your continued support allows the Foundation to bridge gaps to better the lives and well-being of those served by DCMH. Your contributions empower the Hospital Foundation of Decatur County to further their mission of supporting the communities served by Decatur County Memorial Hospital.

Rex McKinney
CEO/ President Decatur County Memorial Hospital

A Letter from Foundation Director

2023 has been a busy one for us as a Foundation, and we were thrilled to have spent time with many of you. We want to take a moment to pause and thank you all for your ongoing support. Just like us, we know that you never take access to quality local healthcare for granted. You inspire us. We are moved by your generosity and kindness. Each time you ask that we use your gift to help the next patient in line - or pay tribute to the work that helped protect a loved one - we are touched. Your goodwill drives us to work harder and accomplish more.

As you scroll through our Annual Report, we hope you feel the extraordinary impact of your support and that our efforts are varied but always strategic. We highlight some key achievements as a Foundation, including the Remembrance Garden Fund and Marj & Robert Willer Fund establishment. These funds were both created as a way to honor individuals who left a lasting impact. The Rehabilitation and Medical Offices building Capital Campaign that will support our community for years to come was also completed.

Together, we save lives. Thank you for making a difference by collaborating with us. Please join us as we continue to explore future opportunities for healthcare expansion in the Decatur County community! One of the great things about being part of this Foundation is that we have the freedom to chart our course based on our mission, values, and guiding principles. It's a privilege and a responsibility we keep in mind as we join forces to improve the health and well-being of people and communities most in need.

With Gratitude,

Mandy Jo Lohrum
Director of the Hospital Foundation

Remembrance Garden Fund

The Hospital Foundation of Decatur in partnership with the Luke O'Mara Foundation created the Remembrance Garden Fund in 2023. The garden is a tranquil space on the east side of the walking trail with stone wall seating, a dry creek bed, rocking chairs, and native plants providing beauty to enjoy in all season. The garden was designed by a local designer.

Giving to the Remembrance Garden Fund allows donors to make a difference in the lives of those in our community. Monies in addition to the creation of the garden will allow for potential add-ons to the space. The garden will support the estimated 1 in 4 individuals and families whose lives are affected by the loss of a child. As well as being a place for reflection for any type of loss a person might be going through.

MARJORIE B. AND ROBERT H. WILLER PROFESSIONAL DEVELOPMENT FUND FOR NURSING STAFF

The Marjorie B. and Robert H. Willer Professional Development Fund for Nursing Staff was established by their children in memory of Marj and Bob's long-term commitment to Decatur County Memorial Hospital, especially Marj's dedication to nursing and patient care. She retired at the age of 81 in 2011, after serving more than 30 years at DCMH as Director of Nursing, Vice President of Patient Care, and Vice President of Compliance and Quality. As an administrator, Marj believed her primary job was to support the nursing team in providing their patients with the highest quality of care. She deeply believed in the importance of continuing education and demonstrated that through her own commitment to pursuing professional development.

This Fund will continue Marj's vision for supporting nursing staff in a variety of ways, such as allowing nursing staff to attend a professional development conference or bringing professional development activities for nursing staff to the hospital. It might also support nursing staff members taking coursework to enhance their professional skills and potentially further their nursing careers. In these ways, the Marjorie B. and Robert H. Willer Fund will support the high quality of nursing at DCMH for years to come.
