### Treatment Services

- **Illness and Injury Care:** Not all work place injuries can be avoided. Let our experienced team provide you with prompt treatment and return to work status. We provide decreased lost time due to appropriate evaluation of injured workers. We ensure proper and open communication to ensure the company's awareness of the injured worker's status.
- **Diagnostic Testing:** As a division of Decatur County Memorial Hospital we can provide your injured worker with prompt and efficient diagnostic testing. We ensure timely reporting of results to help us determine the injured worker return to work status.
- **Onsite Nurse Practitioner:** Do you want to offer a convenient, simple and personable healthcare option for your employees? Let our experienced Nurse Practitioners come onsite to improve the process of healthcare and wellbeing of your employees. This allows your employees to receive quality care from a trusted provider, convenient and quick access with fewer lost productivity hours, focus on preventing illness therefore reducing healthcare costs and sustainment of quality employees.
- **Virtual Care:** Decatur County Memorial Hospital utilizes virtual care technology to provide employers with an easy, convenient and cost effective way to access quality medical care. Our Nurse Practitioners can conduct exams without employees even having to leave work. This allows us to determine next steps for an injury or illness without employees having to leave the workplace and avoiding lost time at work.
- **Orthopedic Surgeon:** Our partnership with Southern Indiana Orthopedics allows us to work closely with Orthopedic Surgeons. If an injury is in need of orthopedic specialty care we are able to refer and get you in quickly with highly qualified Orthopedic Surgeons. Our Nurse Practitioners will be able to communicate openly and effectively with them in order to get your employees back to their pre injury state
