

**Welcome to  
Decatur County Memorial Hospital  
Physician Practices**

**Decatur County  
Memorial Hospital**  
The Quality Care You Want. Close By.

**Important Information for New Patients of Primary Care and Tree City Medical:**

For all new patients:

- Please arrive 30 minutes prior to your appointment time in order to allow sufficient time to complete necessary paperwork, enter your information into our system, and update your past medical history.
- Please bring ALL bottles for all medications and supplements that you are taking. This helps us make sure that our information is as accurate as possible.
- At your first appointment, your provider will review your past medical history and your current health status with you. The more information we have, the better care we can provide. Please be ready to provide a detailed medical history, including any previous surgeries, health issues, and family history.
- Please have the names and contact information for all previous medical care providers at your visit so that we can obtain records. It is best if you complete a Release of Information form (ROI) with these providers ahead of time, in order to have your records available at the time of your first visit.
- If your insurance requires a co-pay, we will be collecting that payment at the time of check-in for your first visit. Please be sure to bring an appropriate form of payment. We accept cash, check, and credit cards (except American Express).
- Please bring your identification and insurance card(s) to all visits so that we always have the most updated information.

For new patients who are currently on narcotic prescriptions (also known as controlled substances):

- Our providers WILL NOT be dispensing new narcotic prescriptions or refilling current narcotic prescriptions at the first visit. You will need to contact your previous provider for any refill needs.
- If your provider decides that narcotic prescriptions are medically indicated for treatment of your condition(s), then you may be asked to complete a controlled substance agreement outlining additional terms related to these prescriptions. Violation of this agreement may result in your dismissal from both Primary Care and Tree City Medical practices.

We look forward to caring for you and helping you stay in good health!
